

Free and Easy Technology For Your Farm

About

TicketSignup delivers the free and open event technology you deserve so you can focus on what you do best: engaging with your community. With free websites, free and unlimited email, automated tools for marketing your events and an Event Day App, TicketSignup is more than just online ticket sales – it's a full suite of software that you can fully control to build your roster of events.

Safe, Secure, and Free

✓ We only make money when you do

Our only charge is processing fees you can pass onto your visitors (6% + \$1 per transaction). All platform and credit card fees are included – no monthly subscription or contract.

✓ Secure Payment Processing

We meet strict security, banking, VISA, and MasterCard processing fuels and have achieved the highest level of PCI compliance. In other words, we keep your data safe.

✓ Sales Tax & Chargeback Management

If your state requires event sales tax, we automatically calculate, collect, and remit all sales tax on your behalf. We'll save you even more time by fighting any chargebacks for you!

Manage Farm Visitors

✓ Multi-Day and Timed Entry

Make it easy for guests to find and buy tickets for the day and time of their choice with intuitive ticket display options that include ticket grouping and calendar views.

✓ Ticket Management

Provide best-in-class support to your attendees and increase visitor satisfaction without lifting a finger by enabling self-serve ticket transfers and edits (for free or for a fee).

✓ Flexible Pricing

Incentivize traffic on underutilized days, encourage family participation, and reward early buyers with customizable pricing options for each event. Prompt action with time and quantity limited coupons, bulk discounts, and automated price increase.

Free and Easy Technology For Your Farm

Free Websites and Email

Free Event Websites

Every event comes with full website capabilities. Build out unlimited pages, add inspiring pictures, and include all event day details on a single online hub – no coding required.

Free Unlimited Email

Harness the power to send emails across all your events and contacts from a single dashboard – with unlimited contacts, unlimited sends, and simple personalization options.

Custom Branding

Build trust in your brand with customizable colors, logos, and images for all your websites and emails. Your brand is always first (not ours).

Sell More Tickets

Referral Rewards

Incentivize your guests to bring their friends and family with automated referral rewards refunds and turn regular attendees into ambassadors.

Social Sharing

Control the perception of your farm and encourage ticket purchasers to share your events with branded social sharing images and messaging.

Traditional Signage

Use automatically generated QR codes and Quick Text links on traditional signage to direct people to purchase tickets to your events on their phone – immediately.

Streamline Event Day

CheckIn Attendees

Eliminate lines with the CheckIn feature on the free Tickets App. With display options for store purchases, full or partial check-ins for groups, and attractions check-in, it's fast and easy for your staff to welcome thousands of visitors.

Point of Sale

Keep ticket sales open with a free integration with Square. With event caps and pricing changes automatically linked to your TicketSignup settings, you can sell every ticket you have (and none that you don't).

Event Photos

Drive website traffic and build FOMO with a free photo platform featuring unlimited photo albums from your event.
