Tickets vs. Registration

PARTICIPANTS REGISTER

- Extensive information collection for each participant
- Require multiple interactions (waivers, participant management, results)
- Need participants to have accounts to manage their event.
- Want to include peer-to-peer fundraising
- Want to offer team participation

ATTENDEES BUY TICKETS

- Easier & simpler than registration
- Less information collection or information only for ticket purchaser
- Bulk purchase of tickets
- No account required for ticket management
- Grouping of tickets to simplify display when an event offers complex options
- Donations only
- No team participation

While there are “normal” fits, like a 5K needs registration and a gala uses ticket events, the best product depends on the specifics of your event. Not sure? Just ask!

Traditional Ticket Events

- Festivals
- Music Concerts
- Golf Tournaments
- Galas
- Luncheons and Dinners
- Conventions

This webinar will cover setting up your Simple Ticket Event. Not sure which Wizard to use? Email us at info@ticketsignup.io for assistance.

MTE Timed Entry Calendar-Based Ticketing

- Designed for extended or timed entrance
 - Example: A haunt with 4 time slots each Fri-Sun for 5 weeks
 - Example: A tour or escape room open year round
- All actions based on the calendar and times.

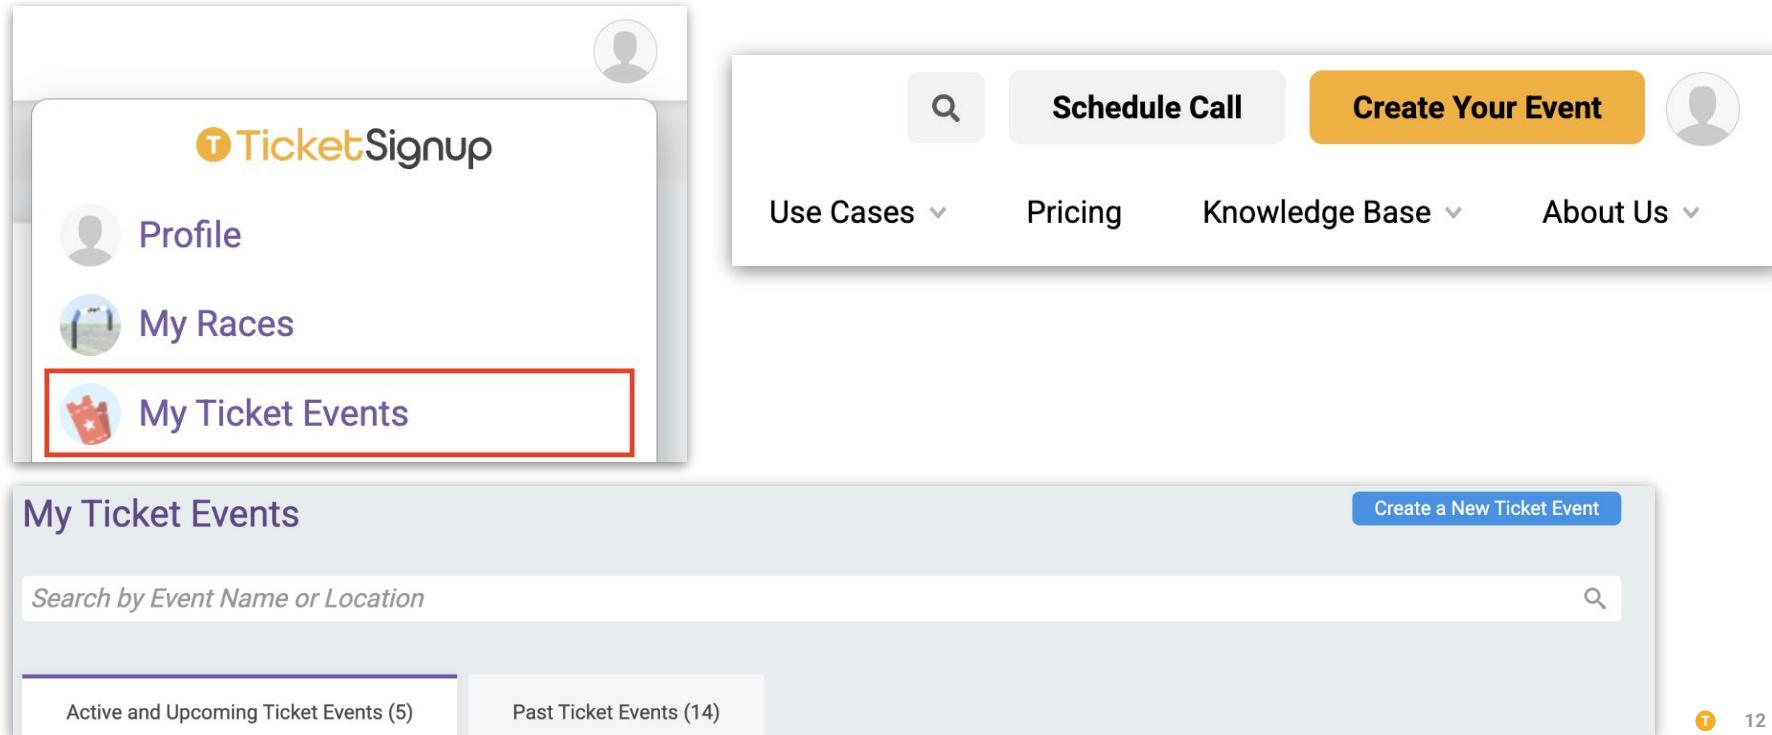

A webinar on Calendar Based Ticketing will take place next Thursday, February 19th at 2:00pm
